

LOGISTICS AND MARINE GROUP Food Service Support

Bowhead
A UIC Alaska Native Corporation

Bowhead's experience in logistics management and in-depth understanding of the Government Food Service Programs positions us to provide high quality, cost-effective service in both dining facilities and remote field feeding environments.

Our subject matter experts possess more than 40 years' experience in government food support. Bowhead's exceptional past performance proves our ability to provide high quality food service support to City, County, State, National Guard Training Sites, U.S. Coast Guard and all Department of Defense entities.

Our experience, management expertise and in-depth understanding of food service and Military Dining Facility and RTI concepts, enables Bowhead to provide top-notch service. We are aware that our performance is not solely a reflection on Bowhead, but also the institutions that we support. We understand that a reputation for professionalism, adherence to military customs and courtesy and tasteful, quality food is important to establishing a first-class military dining facility.

Bowhead's experience and expertise in the operation of full-time Guard Dining Facilities is demonstrated by the following performance:

- United States Coast Guard Base Ketchikan, AK
- Arkansas Army National Guard Regional Training Institute (RTI) North Little Rock, AR
- Kansas Army National Guard RTI Salina, KS
- Massachusetts Army National Training Site Camp Edwards, MA
- Forward Operating Base "Operation Jump Start" New Mexico Army National Dining Facility Deming, NM
